**Complete the registration form on the back of this flyer
TODAY!**

Dick Ritger's Bowling Camps celebrates it's 30th year of operation, by expanding clinic and camp programs for adult and youth students to include stops in 39 cities.

According to Sue Hamilton, Camp Director, "The Dick Ritger Bowling Camps prides itself on making every effort to meet the individual needs of each student, with plenty of hands on teaching, personal analysis, charting, and video taping. From the higher skilled 'veteran' to the average league bowler, everyone finds a way to improve. That is accomplished by the camp's specialized group teaching format that is flexible enough to insure success with each student. It is a formula that has withstood the test of time and we are very excited about 2008...our *thirtieth year.*"

Many students declare the major reason for the success of the "Ritger Method" is it's structured, consistent and logical progression. Starting with the very basic mechanics of the game, instruction proceeds through a detailed analysis of every aspect of bowling, including very sophisticated scientific formulas and mathematical systems of reading lanes. High skill bowlers report improved mechanics, experiencing pure feelings with free swing, leverage, rotation, speed control, etc.

With an expanded schedule featuring more than 35 locations, 2008 should be another exciting year of helping bowlers improve. We look forward to the opportunity...join us and Bowl Better Now!
